Master Koretoshi Maruyama

Founder of Aikido Yuishinkai

30 September - 2 October 2008

Goshinkan Dojo, Byron Bay, presents a National Seminar with Master Koretoshi Maruyama, founder of Aikido Yuishinkai. During his previous visits to Australia, he taught dynamic seminars inspiring great enthusiasm and interest for Aikido Yuishinkai. Several World Tours introduced Aikido Yuishinkai to Europe and America. There are now 70 dojos practicing Aikido Yuishinkai around the world.

Maruyama Sensei has dedicated his life to communicating the benefits of 'positive mind' through Aikido training. Maruyama Sensei's accessible and inspirational teaching style, infused with humour, vigour and grace, is an example of positive, non-contentious mindfulness and 'Aikido without Boundaries'.

This seminar is designed to cater to all levels of training ability, however on Thursday more technical sessions have been planned with the advanced students and instructors in mind. All styles of aikido are welcome to attend. Come and experience Maruyama Sensei's wisdom, kindness and patience at Aikido Yuishinkai Australia 2008.

YUKI - The healing art of Aikido - On Wednesday afternoon, Maruyama Sensei will teach one session of YUKI to promote understanding and heightened sensitivity for those wishing to practice this hands-on healing concept for the benefit of family and friends. YUKI is used to invigorate the body and create a climate by which the body can heal itself. This class is suitable for the general public.
